PROFESSIONAL SUMMARY

Full-Stack Web Developer, UI/UX Designer, and Database Expert with 6+ years of professional experience building modern, fast, scalable, and intelligent web solutions. Strong focus on frontend development with React, backend systems using Node.js, Express, and MongoDB, and AI-powered automation workflows. Proven ability to deliver high-performance, revenue-generating products, scalable architectures, and end-to-end ownership aligned with Google, Meta, and top-tier engineering standards.

CORE SKILLS

Frontend Development (React, JavaScript, HTML5, CSS3) • Backend Development (Node.js, Express.js) • Database Design (MongoDB, PostgreSQL) • UI/UX Design Systems • AI & Automation Integration • Performance Optimization • Scalable Web Architectures • REST APIs • Cloud-Based Development Workflows

Spoken Languages: English, Urdu, Punjabi, Pashto.

PROFESSIONAL EXPERIENCE

Freelance & Independent Projects

Remote / Worldwide | 2018 – Present

Full-Stack Web Developer / UI-UX Designer

- Designed and developed modern, responsive, high-performance web applications.
- Built scalable frontend systems using modern JavaScript frameworks and clean UI architectures.
- Delivered end-to-end solutions including UI/UX design, development, optimization, and deployment.
- Integrated AI and automation systems to optimize workflows and improve user experience.
- Worked with global clients across USA, UK, UAE, Canada, Germany, Australia, and Pakistan.
- Successfully completed 250+ projects across multiple industries.

U DESIGNER

Remote | 2018 – 2022

UI/UX Designer

- Designed user-centered interfaces with strong focus on usability, clarity, and accessibility.
- Built reusable component-based UI systems and design standards.
- Improved user engagement through data-driven UX decisions.

PUBGSTUFF

Islamabad, Pakistan | 2022 – Present

Web Developer

Ref: info@pubgstuff.store

- Developed and maintained a large-scale revenue-generating e-commerce platform.
- Implemented secure authentication systems, payment integrations, and performance optimizations.

VNHAX

Islamabad, Pakistan | 2023 – Present

Web Developer / Tooling / Automation

Ref: contact@vnhax.site

- Built internal tools, automation pipelines, and scalable web infrastructure.
- Integrated AI-powered workflows and performance-oriented architectures.

CyberCrewPK (Remote) - Technical Support

Current | Ref: support@cybercrew.pk

TECHNOLOGIES & TOOLS

Frontend: React, JavaScript, HTML5, CSS3

Backend: Node.js, Express.js, MongoDB

Databases: Supabase, Neon, MongoDB

AI: OpenAI (GPT-4), Gemini, Claude

Auth: Clerk, Firebase, Supabase Auth

Payments: Stripe, PayPal, PayPro, PayFast

Environment: Cursor, Windsurf, Google Antigravity

OS/Tools: Git, Automation Tooling

PROJECTS

VNHAX (vnhax.site): ~2M+ PKR/mo

PUBGSTUFF (pubgstuff.store): ~1M+ PKR/mo

EDUCATION & CERTIFICATIONS

Virtual Software Engineering Specialization

HKUST, Kowloon, Hong Kong

FSC Pre-Medical + Pre-Engineering

Leeds College, Peshawar (2018)

Matric (A+)

Alfalsh Public High School (2016)

Certifications:

Google: UX Design, Digital Marketing

IBM: Generative AI Eng & Prompt Eng

Microsoft: AI Product Management

Vocational: GPON Certification (2019)
